

1EIGHTH

Configurations

1Eight is big fat fun, perfect for school and educational environments but equally at home in the house or café setting. The modular 'bricks' can be arranged in circles, semi circles, any 'snake' pattern or a combination of all, to create clustered spaces which engage social interaction. You can even build up walls and make your very own castle or labrinth.

Reminiscent of toy building blocks, the 1Eight bench is available in 15 vivid colors. When arranged radially, each individual bench represents a 1200mm long arc comprising one eighth of a full circle. The benches can be stacked staggered or straight up and down.

KEY FEATURES

- Made of 100% recyclable LDPE
- UV resistant
- Long life and warranty
- GECA environmental certification

HOW TO SPECIFY

LX - 18 - (Color)
