

PODIA

HOW TO SPECIFY

The Podia system can be ordered in two ways:

Option 1 - A nominated length can be ordered and Luxxbox will provide the standard mix of components, with only the fabric to be specified.

Option 2 - Each individual component can be ordered and the design tailored to the client. For any nominated length, the number of wood components must be equal to one more than the upholstered components. The standard components for the ends of each length are the Leg Podiums.

LX-PO = (Upholstery) - (Podiums) - (Stain) - (Accessories)

| Upholstery | Wood Podiums | Stain | Accessories |
|----------------------------|----------------------------|--------------------|------------------------|
| U1 = Long Lounge | WW = Leg Podium | N = Natural | T1 = Side Table |
| U2 = High Seat | NW = Table Podium | D = Dark | |
| U3 = Side Seat | CW = Corner Podium | | |
| U4 = Table Lounge | P4 = Divider Podium | | |
| U4R = Return Lounge | | | |

Example: **LX-PO-** = 1x U1, 2x U2, 1x U3, 1x U4, 3x P1, 2x P2, 1x P4 - N, 1x T1

Note: Please contact Luxxbox if you need assistance to specify code.

Patterned fabric will require additional metreage and may incur an additional fee. Non-stretch fabrics may require a zip.

Luxxbox's Podia is redefining the commercial sofa, rising to the challenge of outfitting multi-functional communal office spaces with a single suite that allows users to connect, retreat, discuss and relax.

The Podia design incorporates seemingly sunken cushions, suspended on wood podiums, which when used as tables and in combination with privacy screens can transform into either a discreet meeting pod or personal breakout zone.

KEY FEATURES

- Highly configurable modular design with limitless possible combinations
- Features privacy divider with hooks
- Wood components solid oak
- Upholstery to clients specifications
- Integrated low tables and side tables as required
- Configurable to L-shape arrangements
