

PILLOU PENDANT (LX-PL)

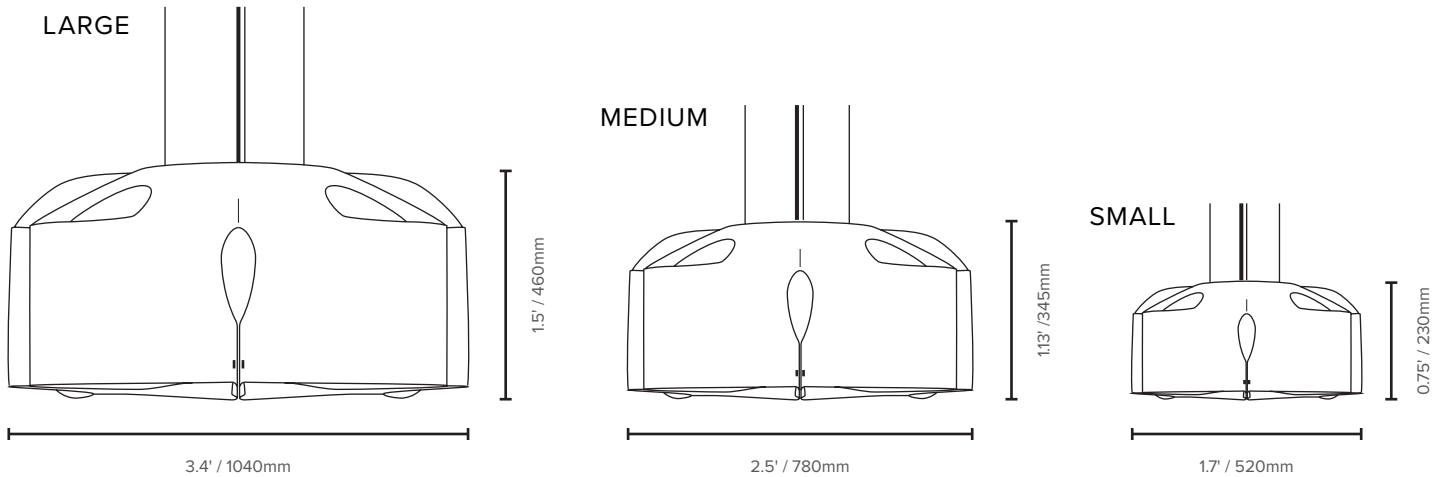

TYPE:

Luxxbox has collaborated with artist Kylie Bickle on its latest pendant light, Pillou. The project brings together Luxxbox's innovative lighting design and manufacturing expertise with Kylie's artistic focus on the bending and tensioning of flat sheet materials. The result is a curvaceous, billowed form of folded, hand-stained rubber cork. But don't be fooled. Its appearance of a soft pliable shape, belies the Pillou's robust material construct. Available in three sizes and various colours.
