# PRODUCT STEWARDSHIP PROGRAM

Luxxbox is committed to supporting our industry and our trade, and have a number of policies in place to reduce our impact on the environment

---

Luxxbox is committed to undertaking a product stewardship program, under which all products manufactured by Luxxbox can be returned through the selected distributor for recycling at end of product life.

Luxxbox ensures that all GECA certified furniture and items returned at product end of life will be recycled through relevant resource recovery networks and will not be sent to

landfill or incineration. In most cases where products are still functional they will be re-purposed or refurbished if necessary to prolong their functional life.

Please contact your distributor of Luxxbox products to arrange return of goods. Tax receipt or some other document evidence from original purchase must be retained in order to facilitate resource recovery.
