TESSELL (LX-TE)

TYPE:

KEY FEATURES

- Part of the Linea family's innovative acoustic baffle and linear lighting system
- Highly effective noise absorption
- 2 sizes, 3 heights and 70+ finishes
- High performance dimmable LED light sources - direct and/or indirect wash
- Multiple shielding options available
- UGR <5 on direct louvered output
- Cassette style driver for easy servicing
- Height adjustable 9' / 3m suspension cables and Black woven power cable
- IES photometric files available
- Also available as acoustic baffle only

OPTIONAL EXTRAS

- Additional options available upon request
- POE
 - Casambi Bluetooth (US only)
 - Tunable White output
 - White canopy and power cord
 - Custom sizes
 - Additional color options
 - Can be integrated with Linea fixtures

The Sabin data shown above is in accordance with the latest International Standards for the rating of sound absorption and reduction. This is different from the classic methodology, which includes the calculation of the Noise Reduction Coefficient (NRC), the Sound Absorption Average (SAA), the Weighted Sound Absorption Coefficient (**aw**) and the Sound Absorption Class (SAC). However, to make it easier to compare against other products, we are including that information on the table on the right, which was calculated using the Horizontal Floor Area method. Fully detailed test reports are available upon request.
